AGENDA ITEM 6

TO: MEMBERS OF THE BENEFITS AND PROGRAM ADMINISTRATION COMMITTEE

I. SUBJECT: June 30, 2007 Judges' Retirement System Actuarial Valuation Report and the Transmittal Letter to the Governor and Legislature.

II. PROGRAM: Actuarial & Employer Services

III. RECOMMENDATION:

- The Committee recommends to the Board of Administration approval of the June 30, 2007 Judges' Retirement System Actuarial Valuation Report.
- The Committee recommends that the Board of Administration strongly urge the California Legislature and Governor to adopt an employer contribution schedule that properly funds the Judges' Retirement System.

IV. ANALYSIS:

Enclosed is the CalPERS staff actuarial valuation report as of June 30, 2007 for the Judges' Retirement System (JRS). Also attached is the transmittal letter to the Governor and Legislature. As can be seen in our report, JRS continues to be extremely under funded. It is in a poorly funded position due to the pay-as-you-go contribution basis followed by the State. Page 5 of the valuation report shows a projection of expected benefit payouts from the System in the coming years. Appendix C of the report shows a projection of expected statutory contributions, projected future benefit payouts and actuarially recommended contributions under the two alternative funding patterns being proposed for consideration for the next ten fiscal years beginning July 1, 2008. The actuarial value of assets, at market value, for JRS as of June 30, 2007, was \$11.672 million and the present value of benefits of the System as of the same date was \$2.843 billion based on a 7.0% investment return assumption. Progress in the funded status of JRS can be achieved if the State commences making contributions according to either one of our recommended actuarially determined contribution patterns.

Members of the Benefits and Program Administration Committee
